

ACRYLITE® spectator protection

Rinkshield Glazing Optimizes Player and Spectator Safety

ACRYLITE® gives hockey fans the best seat in the house

Designed specifically to meet professional level hockey shielding requirements and ASTM F1703-13, ACRYLITE® spectator protection protects fans and players from extreme hockey forces.

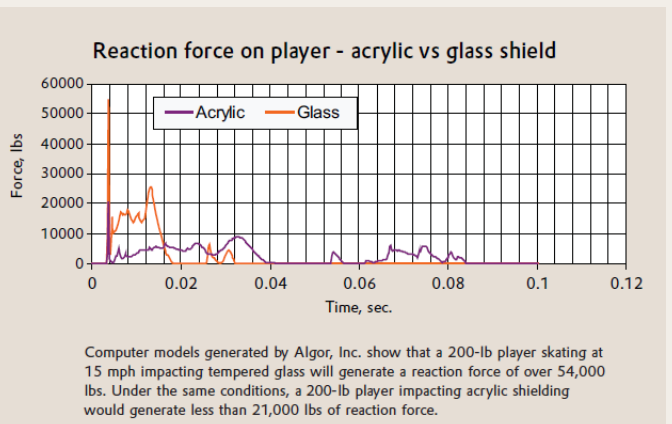

Safety Benefits Include

- Reduces collision impact forces on athletes by more than 60% versus tempered glass to reduce injuries
- Outstanding impact resistance protects spectators from puck and broken glass hazards
- Up to 150 pounds lighter than tempered glass panels = less handling risk and faster changeovers

Operational Benefits Include

- Less breakage = fewer replacements
- Easy to cut-to-size reduces need for spares in multiple sizes
- Easy to remove protective poly film
- Unsurpassed clarity for improved viewing versus both glass and standard acrylic shielding materials
- Meets shielding requirements of ASTM F1703 for Ice Hockey Facilities

Product Specifications

Color	Standard Size	Thickness	Transmission τD65
Clear	50" x 99"	0.545" (13.8mm)	92%
	62" x 99"		
	74" x 99"
