

**California Proposition 65****Regulatory Statement****ACRYLITE® Extruded Sheet Products**

Date: 09 April 2026

ACRYLITE® products are evaluated to determine if they contain chemicals listed under the California Safe Drinking Water and Toxic Enforcement Act of 1986, known as Proposition 65. The California Office of Environmental Health Hazard Assessment list was updated on 05 December 2025 and is available at:

<https://oehha.ca.gov/proposition-65/proposition-65-list>.

We import or manufacture products sold to other businesses in a multi-layered supply chain; we do not sell directly to consumers in California. Our customers and others in the supply chain must ensure our warnings are passed to retailers in California. More information at <https://www.p65warnings.ca.gov/businesses>.

The ACRYLITE® products in Table 1 do not require warnings when sold in California. Warnings are required on the ACRYLITE® products listed in Table 2. If you retail products listed in Table 2 in California, you must acknowledge receipt of this notice and must place and maintain warnings at the point of purchase.
