

Conflict Minerals Regulatory Statement ACRYLITE® and ACRIFIX® Products

Date: 1 January 2026

Section 1502 of the Dodd-Frank Act of 2012 requires supply chain auditing when compounds of Tantalum (Ta), Tin (Sn), Tungsten (W), or Gold (Au) are intentionally added to affect the functionality of a product. We certify that all ACRYLITE® and ACRIFIX® products are formulated without the intentional addition of any compounds of Tantalum (Ta), Tin (Sn), Tungsten (W), or Gold (Au). Consequently, we do not audit our supply chain for conflict minerals, and you can be assured of using our products free from auditing requirements.

Disclaimer: This chemical regulatory compliance declaration is based on our present knowledge and experience. The declaration implies no liability or other legal responsibility on our part. In particular, no expressed or implied warranty or guarantee of product properties in the legal sense is intended. This declaration does not relieve you from verifying suitability for a specific application. Evaluation and testing should be carried out by qualified experts. We reserve the right to make changes to product formulations and to our declarations. This declaration is limited to regulated substances identified with a unique CAS number; contact Technical Service for a list of evaluated substances.
