

Safety-related information for products

1. Identification

Product identifier:	ACRYLITE® Textures - Sheet
Other means of identification	None.
Recommended use:	Not available.
Recommended restrictions:	Not known.
Manufacturer/Importer/Distributor Information	
Company Name	: POLYVANTIS Sanford LLC 1796 Main St Sanford, ME 04073 USA
Telephone	: +1-207-490-4623
E-mail	: AP-sds-info@polyvantis.com
Emergency telephone number:	
24-Hour Health Emergency	: +1-800-255-3924 (24 h)

2. Hazard(s) identification

Hazard Classification

Not classified

Label Elements

Hazard Symbol:	No symbol
Signal Word:	No signal word.
Hazard Statement:	Not applicable

Precautionary Statements

Hazard(s) not otherwise classified (HNOC): None.

3. Composition/information on ingredients

Mixtures

Chemical Identity	Common name and synonyms	CAS number	Content in percent (%) [*]
acrylic copolymer	acrylic polymer		100%

* All concentrations are percent by weight unless ingredient is a gas. Gas concentrations are in percent by volume.

The exact concentration has been withheld as a trade secret.

4. First-aid measures**Description of first aid measures**

General information:	No special precautions.
Inhalation:	No specific treatment is necessary since this material is not likely to be hazardous by inhalation.
Skin Contact:	No specific treatment is necessary since this material is not likely to be hazardous.
Eye contact:	If mechanical irritation occurs flush eyes thoroughly with a large amount of water, consult a physician if irritation persists. (possible during machining processes)
Ingestion:	Ingestion is not considered a potential route of exposure.
Personal Protection for First-aid Responders:	No data available.

Most important symptoms and effects, both acute and delayed

Symptoms:	No experiences of acute or chronic damages in humans have been made as yet.
Hazards:	No information about adverse effects due to exposure.

Indication of immediate medical attention and special treatment needed

Treatment:	Treat symptomatically.
-------------------	------------------------

5. Fire-fighting measures

General Fire Hazards:	Use water spray to cool containers exposed to fire.
Suitable (and unsuitable) extinguishing media	
Suitable extinguishing media:	Water spray, fog, CO2, dry chemical, or regular foam.
Unsuitable extinguishing media:	High volume water jet
Special hazards arising from the substance or mixture:	In case of fire partly flammable, partly harmful vapours, which are irritating to the eyes and respiratory system, may be formed on thermal decomposition.

Special protective equipment and precautions for fire-fighters

Special fire-fighting procedures:	Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.
Special protective equipment for fire-fighters:	As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

6. Accidental release measures

Personal precautions, protective equipment and emergency procedures:	Wear protective gloves and eye protectors.
Accidental release measures:	Not relevant, due to the form of the product. Avoid release to the environment. For personal protection see section 8.
Methods and material for containment and cleaning up:	Collect material and place in a disposal container. Obey relevant local, state, provincial and federal laws and regulations.
Environmental Precautions:	Do not release into the environment. Collect and dispose of unused residues.

7. Handling and storage**Handling**

Technical measures:	Install appropriate equipment and wear appropriate personal protective equipment (see "8. Exposure control/personal protection").
Local/Total ventilation:	If the product is thermally treated, provide for a vapour exhaust device.
Safe handling advice:	To identify additional Personal Protective Equipment (PPE) requirements, it is recommended that a hazard assessment in accordance with the OSHA PPE Standard (29CFR1910.132) be conducted before using this product. Avoid dust formation. During thermal processing and/or machining local exhaust ventilation at processing machines is necessary. Take action to prevent static discharges. In the event of fire, cool the endangered product with water.
Contact avoidance measures:	Wear personal protective equipment; see section 8.

Storage

Safe storage conditions:	Storage: dry.
Safe packaging materials:	No data available.

8. Exposure controls/personal protection**Control Parameters**

Occupational Exposure Limits

None of the components have assigned exposure limits.

Biological Limit Values

No biological exposure limits noted for the ingredient(s).

Appropriate Engineering Controls

If use operations generate dust, use adequate ventilation.

Individual protection measures, such as personal protective equipment (PPE)

Eye/face protection:

goggles for machining operations

Skin Protection

Hand Protection:

Material: protective gloves against mechanical risks according to EN 388
 Additional Information: For each work-place a suitable glove type has to be selected. Additional Information: Please observe the instructions regarding permeability and breakthrough time which are provided by the supplier of the gloves. Also take into consideration the specific local conditions under which the product is used, such as the danger of cuts, abrasion, and the contact time., Gloves should be discarded and replaced if there is any indication of degradation or chemical breakthrough.

Skin and Body Protection:

Choose body protection according to the amount and concentration of the dangerous substance at the work place.

Respiratory Protection:

A respiratory protection program meeting OSHA 1910.134 and ANSI Z88.2 requirements must be followed whenever workplace conditions warrant a respirator's use.
 If used in accordance with the regulations: No particular protective equipment required. dust mask may be required for machining operations

Hygiene measures:

Follow the usual good standards of occupational hygiene. Clean skin thoroughly after work; apply skin cream.

9. Physical and chemical properties

Information on basic physical and chemical properties

Appearance

Physical state:	solid
Form:	Sheet
Color:	Various
Odor:	Odorless
Odor Threshold:	No data available.

Melting Point:	ca. 212 °F/ 100 °C Method: Softening Temperature
	ca. 210 °F/ 99 °C
Boiling Point:	Not applicable
Flammability:	Not classified as flammable but will burn.
Upper/lower limit on flammability or explosive limits	
Explosive limit - upper:	Not applicable
Explosive limit - lower:	Not applicable
Flash Point:	> 482 °F/250 °C Method: ASTM D 1929-68
	> 480 °F/249 °C Method: ASTM D 1929-68
Auto-ignition temperature:	No data available.
Decomposition Temperature:	This material is considered stable under specified conditions of storage, shipment and/or use. Depolymerization begins at 250 °C / 482 °F.
pH:	Not applicable
Viscosity	
Dynamic viscosity:	Not applicable
Kinematic viscosity:	Not applicable
Flow Time:	Not applicable
Solubility(ies)	
Solubility in Water:	Insoluble
Solubility (other):	in e.g. esters, ketones and chlorinated hydrocarbons: readily soluble
Partition coefficient (n-octanol/water):	Not applicable
Vapor pressure:	Not applicable
Relative density:	No data available.
Density:	ca. 1.20 g/cm ³ (68 °F/20 °C)
Bulk density:	Not applicable
Vapor density (air=1):	Not applicable
Other information	
Self-ignition:	> 752 °F/400 °C > 750 °F/399 °C

Evaporation Rate: Not applicable

10. Stability and reactivity

Reactivity: No dangerous reaction known under conditions of normal use.

Chemical Stability: This material is considered stable under specified conditions of storage, shipment and/or use. Depolymerization begins at 250 °C / 482 °F.

Possibility of hazardous reactions: No dangerous reactions known.

Conditions to avoid: High temperature

Incompatible Materials: None reasonably foreseeable.

Hazardous Decomposition Products: No hazardous decomposition products known.

11. Toxicological information

Information on likely routes of exposure

Inhalation: No data available.

Skin Contact: No data available.

Eye contact: No data available.

Ingestion: No data available.

Symptoms related to the physical, chemical and toxicological characteristics

Inhalation: No data available.

Skin Contact: No data available.

Eye contact: No data available.

Ingestion: No data available.

Acute toxicity (list all possible routes of exposure)

Oral

Product: No data available.

Components: acrylic copolymer
Not toxic after single exposure
Not toxic after single exposure, Expert judgement, No indications of critical properties in analogy to similar products or on the basis of structure-activity relationships.

Dermal

Product: No data available.

Components: acrylic copolymer
Not toxic after single exposure, Not toxic after single exposure, Expert judgement, No indications of critical properties in analogy to similar

products or on the basis of structure-activity relationships.

Inhalation

Product: No data available.

Components: acrylic copolymer
Not toxic after single exposure, Dust and mist, Not toxic after single exposure, Expert judgement, No indications of critical properties in analogy to similar products or on the basis of structure-activity relationships.
Not toxic after single exposure, Vapour, Not applicable

Repeated dose toxicity

Product: No data available.

Components: acrylic copolymer
No data available.

Skin Corrosion/Irritation

Product: No data available.

Components: acrylic copolymer
Non-Irritating, Non-Irritating, No indications of critical properties in analogy to similar products or on the basis of structure-activity relationships.

Serious Eye Damage/Eye Irritation

Product: No data available.

Components: acrylic copolymer
Non-Irritating, No indications of critical properties in analogy to similar products or on the basis of structure-activity relationships.

Respiratory or Skin Sensitization

Product: No data available.

Components: acrylic copolymer
Not a skin sensitizer., No indications of critical properties in analogy to similar products or on the basis of structure-activity relationships.
Not classified for respiratory sensitization

Carcinogenicity

Product: No data available.

Components: acrylic copolymer
Not classified No indications of critical properties in analogy to similar products or on the basis of structure-activity relationships.

IARC Monographs on the Evaluation of Carcinogenic Risks to Humans:

No carcinogens present or none present in regulated quantities

US. National Toxicology Program (NTP) Report on Carcinogens:

No carcinogens present or none present in regulated quantities

US. OSHA Specifically Regulated Substances (29 CFR 1910.1001-1053), as amended:

No carcinogens present or none present in regulated quantities

Germ Cell Mutagenicity

In vitro

Product: Not classified
